

Repair Chain Management

Your trusted source of components and repair chain solutions – spanning the globe in support of legacy military and air transport aircraft as well as all major OEMs.

Intertrade offers high-quality recertified aircraft engine and airframe parts for sale, exchange or lease. All with the highly transparent pricing you expect from a company with the reputation of Rockwell Collins.

You'll find flexible repair chain management solutions that focus on you.

Whether you operate a small or large airline, are an MRO facing sourcing challenges or a lack of internal resources to efficiently manage your repair chain, you can rely on Intertrade to save you time and money.

With more than 40 years of aftermarket expertise backed by Rockwell Collins, Intertrade is uniquely positioned to provide repair chain management to customers around the world. Our commitment to customer satisfaction and value is what has made Intertrade a respected and trusted leader in the industry.

Contact Intertrade today to learn how we can deliver best value and flexible repair chain solutions that meet your unique requirements.

Repair chain management benefits

- Transparent price structure with no hidden costs
- Single point of contact including all ATA chapters for repair and overhaul
- Established credit with network of 200+ reliable FAA/EASA/CAAC approved repair providers
- Ability to negotiate most favorable pricing and warranty coverage; savings passed to customer via discounts and credits
- Can leverage \$80M-plus inventory and extensive parts trading expertise to source out of production, hard-to-find or long lead-time parts
- Strategically located distribution centers in Memphis, London and Singapore
- Access Rockwell Collins solutions in 27 countries and more than 60 global locations
- Solid reputation for flexibility, quality, rapid turnaround and cost-effective MRO solutions that stand up to the mission-critical maintenance demands for the U.S. military, defense contractors and foreign military organizations
