

If you have an engine, you have our attention.

At Intertrade, we have expanded our portfolio into new-generation engine parts. If you have engines or aircraft available for sale, we have the experience and financial strength of Rockwell Collins to make acquisitions happen. Intertrade has supported airframe and avionics for decades. Now, you can expect the same for your engine requirements.

Your trusted source for whole engines, parts and accessories.

Primary engines of interest and available

CFM family

V2500 family

CF34 family
