With more than 40 years of aftermarket expertise backed by Collins Aerospace, Intertrade is uniquely positioned to serve customers around the world, every day. Our commitment to customer satisfaction and delivering value help make Intertrade a trusted industry partner, offering competitively priced, high-quality new and recertified aircraft components for sale, exchange or lease.

Exceptional value

We provide you with reliable and reputable aftermarket solutions for most major OEM products that are in high demand, out of production or have factory lead time that exceeds your requirements.

The Intertrade advantage

- In-stock LRU inventory across multiple platforms
- 24-hour global AOG service and support
- Repair chain management
- Performance-based logistical support management
- Engineering solutions
- Periodic depot maintenance support
- Obsolescence management and inventory buy-backs
- Access to Collins Aerospace solutions and service in more than 60 global locations
- Export/import compliance and blanket export licenses
- Customer care and OEM partnerships

At Intertrade, we do more than just supply parts – we provide aftermarket solutions, offering:

- Reliable sources of high-quality certified components
- Extensive inventory of high-usage parts and material
- Cost-effective repair chain management solutions
- Rapid turn times and shipping to operators and maintenance operations
- Performance-based logistics and global asset management
- Analytics capability/market analysis across numerous military aircraft
- AS9120/ISO 9001:2008 accredited and continuous improvement culture
- Electronic transaction status updates for customer programs
- Legacy equipment management including intermediary piece part solutions
- A solutions approach to military aviation aftermarket support
